Dear Council,

I hope today finds you all well.

I would like for my husband of 35 years to rest in peace in Norway. He always said that Norway symbolizes peace and looks like heaven and I would like to respectfully fulfill his wishes.

My heritage on my mother's side is Norwegian and I plan to move to Norway by the end of this year, therefore, I would also like to be near my husband's resting place so my daughter and I could visit with him often.

With kind regards,

Jeannie & Liberty
